MEETING

IA ASABE Section Spring Meeting
Thursday, September 26
Ames, IA

GUEST SPEAKER

Dr. Wendong Zhang

ISU Dept. of Economics

Dr. Wendong Zhang is an assistant professor in the Department of Economics at Iowa State University since August 2015. His research seeks to better understand U.S. farmland market, agricultural nutrient runoff, conservation practice adoption, and Chinese agriculture. Join us to learn more about current state of the global agricultural market, US-China trade relationship, and the outlook for the US agricultural food chain.
