Massey-Ferguson Educational Gold Medal Award

The stated purpose of the Massey-Ferguson Educational Gold Medal is awarded "To honor those whose dedication to the spirit of learning and teaching in the field of agricultural engineering had advanced our agricultural knowledge and practice, and whose efforts serve as an inspiration to others."

Likenesses of Daniel Massey and Harry Ferguson, co-founders of Massey-Ferguson, Inc., appear on the front of this gold medal. The other side depicts a montage of symbols significant to the agricultural engineer. The inscription on the back of the medal reads, "For advancement of engineering knowledge and practice in agriculture."

Established in 1965, the endowed award is named for Daniel Massey, pioneer inventor and agricultural machinery manufacturer, and Harry Ferguson, inventor and ardent exponent of agricultural mechanization.
