

Early Career Award

Larry W. Turner Young Extension Professional Award

The Larry W. Turner Young Extension Professional Award recognizes excellence in personal character and outstanding achievement in the following areas: serving clientele by disseminating, sharing and applying engineering knowledge; motivating clientele to acquire new knowledge, skills and understanding; transferring research technology into practical, problem-solving applications; advancing the profession of agricultural and biological engineering. The award was endowed in 2012 in memory of Dr. Larry W. Turner, a visionary leader in extension work.
