ASABE Goals

- Cultivate a diverse, thriving, and engaged membership
- Raise the prominence of the agricultural and biological engineering profession globally
- Advance ASABE as the leading source of expertise in agricultural, food, and biological systems engineering
- Position ASABE as the preferred engineering society for technical professionals in agricultural, food, and biological systems
- Lead development and maintenance of relevant technical standards
BIPOC in ASABE

@ASABE_BIPOC

@ASABEorg To kick things off, we’ll be celebrating Black History month, and we’re so excited to celebrate #BHM 🤗 with you this year. This month, we’ll be inviting you to learn about historical black figures in the field of ABE.
